Safety boots for youth fire brigade – robust, comfortable, and ready for action

This high-quality safety boot was specially developed for the needs of youth firefighters. It combines protection, comfort, and a modern design, making it ideal for training, education and everyday youth firefighter life.

- **Waterproof leather:** Reliably protects against moisture and keeps feet dry – even in bad weather.
- **FITGO dial closure system:** Quick and easy on and off thanks to the dial closure and robust stainless-steel lace – no more annoying lacing.
- **Breathable lining:** Ensures a comfortable foot climate, even on long training days.
- **Padded upper and pull-on loop:** For extra comfort and easy handling.
- **Steel toe cap:** Provides reliable toe protection during training and operations.
- **Comfort insole:** Optimally supports the feet for fatigue-free walking and standing.
- **Penetration protection (non-metallic, S3):** Lightweight and safe – protects feet from sharp objects on the ground.
- **"Zermatt" non-slip nitrile outsole:** Coarse tread for secure grip on any surface. With air cushion for good heat and cold insulation and shock absorption. Heat-resistant up to 300°C.
